Abu Dhabi is one of the most modern cities in the world. It is the center of government and business life in the UAE and is the largest of the seven Emirates. The architecture of its modern buildings and sky scrapers is the finest in the Middle East. Large gardens and parks, green boulevards lining all the streets and roads, sophisticated high-rise buildings, state-of-the-art communication services and transport, the presence of all the international luxury hotel chains, rich shopping malls, cultural centers and events provide tourists a one-of-a-kind experience all the year round. Abu Dhabi stretches south to the oases of Liwa where some of the world's largest sand dunes can be found, and east to the ancient oasis of Al Ain. The official religion of the UAE is Islam, but other faiths are tolerated and freedom of worship privately is given.
